

Habitat for Humanity®

Portland/Metro East

2011 Annual Report

THE POWER LIES WITHIN US

WE HAVE THE POWER to put an end to the housing crisis right here in Portland and Gresham. We have the power to build a community where everyone has a simple, decent, affordable place to live; and where poverty housing is unacceptable.

This year we have seen a 100% increase in the number of qualified families coming to Habitat for a hand up.

A Habitat home is more than a warm place to sleep at night. Habitat is about low-income families building equity and moving from a fragile economic position to a position of strength. It is about focusing our efforts in neighborhoods with schools that are in desperate need of the stability homeownership brings to a community. And above all, Habitat is about building homes for kids so that they can succeed in school and into their futures.

Your investment in Habitat puts a roof over our kids' heads and hope in their hearts.

FROM HERE. FOR HERE.

Dear Friends,

Habitat for Humanity built its milestone 500,000th house worldwide this year, and every one of these homes was built by a local community for one of its valued families. Our Portland and Gresham communities have now been supporting Habitat's homeownership program for 30 years, and we are hearing more and more success stories of stable homeowners, thanks to your support. It is truly a joy to see the children flourishing in these safe, healthy homes.

Conversely, these are still difficult times for many of our hardworking neighbors. At Habitat we have seen the number of qualified families coming to us for help double over the past year. In response to the plummeting housing market and the enormous need in our neighborhoods, Habitat has launched its first major fundraising campaign, *A World of Hope: It Starts at Home*, with the goal of raising \$12 million to make a serious impact by increasing our homebuilding capacity by 50%. Early and generous gifts to this campaign have already made it possible for us to take advantage of record low land prices by buying land for 130 more homes in target neighborhoods. We must now focus on raising the funds needed to turn these empty lots into healthy, affordable homes.

The resources exist in our community to ensure that everyone has a decent, affordable place to live, and we have the knowledge to get it done. All we need is the will to make it happen. The outpouring of generosity from all of you this past year provides us hope for a better tomorrow.

Thank you for your support this past year and please consider how you might help spread the word to others in our community who can lend a hand.

Steve Messinetti, President and CEO

Maria has always strived to provide her children with a stable environment. Despite her hard work as a full-time bilingual liaison, she struggles to afford a healthy, stable home. Rising rent caused her family to move three times over the past seven years. Maria is currently paying 64% of her monthly income to rent an apartment with very poor living conditions. Lack of insulation, holes in the garage ceiling, a constant draft and a furnace that doesn't work properly make it expensive and difficult to manage the temperature in the apartment.

Maria began to do some research and came across Habitat for Humanity Portland/Metro East.

"The thing that really surprised me is not only that I qualified to purchase a home, but that my monthly mortgage will only be 30% of my income," said Maria. "You

have no idea how much less stress I will have knowing that I have 30% more of my paycheck to spend on food and other necessities. It will change everything."

Maria hopes her new home in Gresham will allow her family to lead a happier life and provide her children with stability. "I would like my younger children to learn more responsibility and have a sense of ownership and pride in a home that will be theirs," said Maria. "I feel proud knowing that my children, friends and I will take part in building our home."

"You have no idea how much less stress I will have knowing that I have 30% more of my paycheck to spend on food and other necessities. It will change everything." — Maria, Future Homeowner

A Simple Solution to a Complex Problem

Becoming a Homeowner

- Families put in 500 hours of sweat equity helping build their homes
- Families complete a first-time homebuyer education program
- Families put 1% down on 0%-interest mortgages

Homeowners Pass it Forward

- Last year, over \$649,000 in homeowner mortgage payments came back to Habitat and directly into a revolving fund used to build more homes.
- Families are no longer in a fragile economical position, and can save for the future, providing stability for their children and putting money back into the local tax base.

"I think having stable housing is equally as important as getting a college degree. Without Habitat, even with a college degree and a job, I wouldn't be able to afford a stable home for my son." — Isaura, Future Homeowner

"I support Habitat because of the very clear mission that allows families to have their own home when they might not otherwise have that opportunity. Right now I am excited about the current campaign, because it helps Habitat take advantage of a historic moment of low lot costs."

— Tom Kelly, President of Neil Kelly and A World of Hope Campaign Cabinet Member

This year we launched the **A World of Hope: It Starts at Home** fundraising campaign with the ambitious goal of raising \$12 million to bring stability to hundreds more families in Portland and Gresham. Goals of this campaign include:

Create a Four-Year Land Bank

- Acquire build-ready lots located in neighborhoods with the greatest need, concentrating efforts to stabilize schools and entire communities.

Increase Homebuilding and Organizational Capacity by 50%

- Increase home production to 30 homes annually.
- Upgrade construction program to build more energy-efficient, healthy and sustainable homes.
- Expand our homeowner readiness and support program to ensure all families successfully transition to homeownership.
- Broaden and deepen our volunteer program to mobilize over 9,000 volunteers annually.

Everyday Heroes (100 hours or more between July 1, 2010 and June 30, 2011)

Thank you to the many volunteers who supported Habitat at our build sites, ReStores or in the office. Last year, volunteers filled 7,616 volunteer slots and donated 48,719 hours of service. This is valued at \$1,015,791 in paid labor. Remarkable!

Distribution

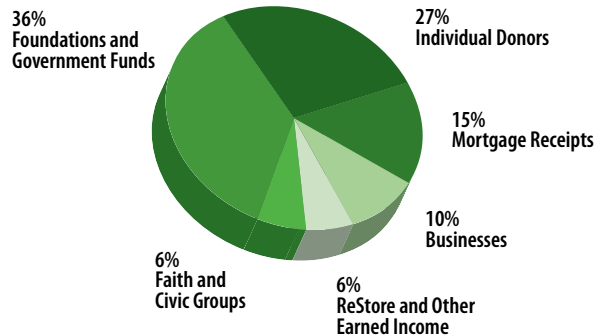

Over 86.5 cents of every dollar donated went directly toward building homes!

According to the Better Business Bureau Wise Giving Alliance, responsible charities spend at least 65% of total expenses on program and spend no more than 35% of related contributions on fundraising.

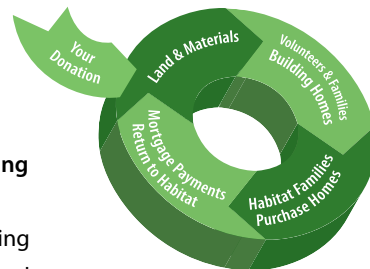

Sources of Support

Habitat's Revolving Fund

Your donation lives on in perpetuity in Habitat's revolving fund model.

Donations enter into the revolving fund cycle as Habitat builds and sells homes. Our partner families make mortgage payments that continue the cycle and account for 20% of Habitat's annual support.

"I went to my first home dedication when the family got their keys and everyone cried: the parents, the volunteers, the staff and it was the daughters who handed out tissues and consoled us all. That day I knew that Habitat was not charity...it was community."

Our Vision

A community where everyone has a simple,
decent, affordable place to live and where
poverty housing is unacceptable.
